

Instruction manual for Trampoline

Assembly instruction

1. Remove the pre-assembled jumping element (consisting of the protective pad(1), jumping sheet(2), and frame(3) from the packaging.
2. Remove the protective caps from the threaded connection of the frame.
3. Fix foot tubes on the threaded connection pieces and tighten firmly.
4. From time to time, check that all foot tubes are tight and make sure that the main spring has not become loose.

Parts list

No. of parts	Parts name	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
		32"	36"	38"	40"	48"	55"
		Q'ty	Q'ty	Q'ty	Q'ty	Q'ty	Q'ty
01	Pad (cover)	1	1	1	1	1	1
02	Jumping sheet	1	1	1	1	1	1
